Dear Mr. Newman:

I recently purchased some notes from Mr. Philpott and he mentioned that you might have some duplicates you would be willing to part with to help me with my Missouri National Bank note collection.

I have been collecting these by banks. I now have about 125 different Mo. banks represented so still have a long way to go. I don't have much to offer in the way of trade that would appeal to a collector of your stature so I would have to ask you to price anything you might care to let me have. I do have a couple of uncut sheets of Mo. Nationals and a few 50 and 100 dollar series 1929 Midwest Nationals and a 1902 hundred on NB of Commerce of Kansas City if you would care to trade for any of them.

Thank you for an help you can give me.

Very sincerely,

Howard Carter M.D.

Dear Dr. Carter:

I received your letter of December 12, 1959 with respect to your interest in Missouri National bank notes. I have a collection which includes a number of them and will check my duplicates, in due course. However, I have recently located an estate which has for sale a few National bank notes from Missouri and if you are interested I will be more than glad to submit your suggestions as to acquiring the items. I have the bills in my possession at present. They are as follows:

Series 1929 $10.00

First National Bank in St.Louis	Very fine
First National Bank in Cape Girardeau	Very fine
Telegraphers National Bank in St.Louis	Uncirculated
Boatmen's National Bank in St. Louis	Uncirculated
Grand National Bank in St. Louis	Uncirculated
Federal Reserve Bank in St. Louis	Uncirculated

Series 1929 $20.00

Grand National Bank in St.Louis	Very fine
Mercantile Commerce National Bank in St. Louis	Uncirculated
First National Bank in St. Louis	Uncirculated
Federal Reserve Bank in St.Louis	Extremely fine
Boatmen's National Bank in St. Louis	Very fine

Series 1882 $10.00

National Bank of Commerce in St. Louis	Very fine

I hope you will find some of these of interest. The Federal Reserve National Bank notes are reasonably scarce and are an unusual issue, as you know.

I am certainly glad to find another numismatist interested in Missouriana.

Sincerely yours,

Dear Mr. Newman:

This is a belated reply to your kind letter of December 18,1959, which arrived as I was preparing to leave on winter vacation. I am sorry for this delay and will be more prompt in the future.

Thank you for the list of 1929 Nationals. I have VF or UNC examples of all of these notes except the Boatmen's $10 note and the Mercantile Commerce $20. Are these notes still in estate?

I would be very happy to have a list of your duplicates with your price if you would care to sell any of them.

I have recently embarked on a rather lengthy task of assembling some short historical notes on these old Missouri National Banks. Literally hundreds of letters to banks,news papers,county historical groups and individuals have brought some information about many of the banks chartered in this century. On many of the older ones I have found almost nothing. Do you know of any library sources I might contact for this information? I am trying to find out: who organized the banks; some of the people connected with them; their capital structure; whether or not they issued currency and the amount; and finally their eventual fate.

I have traded notes with Dr. Richard Helman of Kansas City, who I believe you know, and he has told me of seeing your wonderful collection. If it could be arranged at your convenience I would like to visit you sometime later in the year.

Very sincerely,

Howard Carter M.D.

Dear Dr.Carter:

From time to time over the many years we have been in communication and I had hoped you would visit me in St. Louis. I think we would have many things of interest to share.

The Society of Paper Money Collectors, through Dick Hoober, is now urging me to see to it that a descriptive and historical list of all Missouri Paper Money is prepared. This list is not intended to include National bank notes but I am sure you have a fine collection of other numismatic material from Missouri.

Would you be nice enough to make an inventory of what is in your collection so that I can study it. I am bound to find new things in your collection with which I have been previously unfamiliar.

I look forward to hearing from you at your earliest convenience.

Dear Mr. Newman:

It was nice hearing from you again and will furnish you with a list of my small holdings. I have never made too much of an effort to obtain other than Nationals of Missouri so this is a pretty meager group. If by chance, any of these are of particular interest to you I would be happy to loan them for your examination.

My brother-in-law, Russ Bartow, is president of Wolff's Clothiers and we get into town occasionally but knowing how busy you are I am always a little hesitant to impose on your time.

Give my regards to Dick Hoober since I have'nt heard from him for some time now.

Thank you, very much, for your prompt cooperation in sending me a list of your Missouri holdings other than National bank notes. This is far from meager as you have not only some very nice pieces but some which I would like very much to see.

Would you be nice enough to send me, for examination, the $1 Union Bank of Missouri, the $1 Jefferson City and the $5 and $10 Confederate issues of Missouri dated January 1, 1862. These would be very helpful for my studies.

Please let me know when you come to St.Louis the next time as I think we would have a very pleasant time together. True collectors are so few and far between. It is not imposing upon my time when both of us might have some enjoyment out of our hard work in numismatics.

I am enclosing the notes you wanted to see except for the $5.00 Mo. confederate issue. I must have been in error when I listed it as I cannot find it and I'm not too sure I recall having ever seen one at all.

I also failed to list a $50.00 Confederate Bond of Mo. with some of the coupons attached. Bought several years ago from Rowe and don't recall having ever seen another advertised.

If I can assist you in any way I would be happy to try. You deserve a great deal of credit for what you have done for our hobby and the research work on obsolete Mo. paper would seem to me to be a tremendous labor.

You were very kind to comply with my requests so promptly. I have noted the items you sent and return them herewith.

I would like to have a Xerox copy of the Central National Bank in St. Louis $1 check of 1907. I don't have it in my collection and if you want a similar 1907 circulating check on another Missouri bank you would do me a great favor to trade.

As to your Missouri Confederate $50 Bond I do collect these when I can and I have a $100 bond which you might be willing to exchange for your $50. I have the $500 denomination in my collection also. They come in two due dates, five years and three years after date.

If you cannot find a $5 Jan. 1, 1862 Missouri note I will send you one with my compliments.

I have a few Missouri National Bank notes in duplicate and thought I'd list some of them if you possibly don't have them.

Dear Dr. Carter:

I really received a marvelous Christmas present, which arrived last weekend, and I have read almost half of it already.

The History of Missouri Banks, by Professors Davids and Hubbard is superb in its depth of research and you were very kind to send it to me. I am going to check many of their references for further detail and have written a letter of congratulations to Prof. Davids. I have invited him to come down to see my early Missouri paper money collection. I hope he won't come before you do. Naturally, it would be great if we could all get together at the same time.

I was interested in noting certain of your criticisms of the Gleick article published in the Missouri Historical Review in 1967. I objected to the fact that it was fifty years old when published and felt that readers should have been so advised.

Again, many thanks for your thoughtfulness.

I was able to obtain, from a couple of dealers, some very wonderful Missouri pieces which I do not think you have and I wanted to know if you are interested in them. I am enclosing photocopies but they do not do the bills justice. The prices are exactly those at which they are being sold to me:

I am sorry that this reply has been so delayed but for the third time in as many years my car was broken into in one of the hospial parking lots,addicts looking for narcotics,but this time they took my correspondence case along with my medical bag and your letter was in the case. They always discard the bags after removing anything resembling drugs,then we go down to the police property room and reclain the bags- sort of a ritual!

It was a real pleasure to meet you and I'm looking forward to being able to spend some time together in the near future.

I appreciate the offer of the proof notes and am enclosing a check for the amounts listed with something to cover insurance. I believe these are the first Missouri proofs I have ever been offered.

Aubrey Bebee furnished me with a beautiful Lazy 2 of The National Bank of the State of Missouri.This was the first note I've had on this bank. Also,Amon Carter had two Lazy 2's on Missouri and thought he had another at home that he would send .

Do you have,or know of,a note of the Northern Bank of Missouri at Gallatin? This town is about 12 miles north of here and of special interest to me.

I hope your eye cleared up without complications.

I am also interested in buying many other Missouri Nationals in AU or CU condition as well as obsolete bank notes of Missouri. I also want old bank checks of Missouri banks: Missouri Union Military Scrip: Clearing House Scrip of 1907 and 1933: Bank statements of condition before 1933: old city warrants of Missouri and private scrip.

Dear Dr. Carter:

I will be in Jamaica beginning November 19 but plan to come home on Saturday night, November 28. I could therefore meet you on Sunday, November 29, to discuss the U.S. currency collection matter with you. In case you come earlier, please let me know in advance as I am going to be away on November 5 through November 8 and November 12 and November 13. I do want to see you as soon as possible because it is a project which has great excitement.

[redacted]

My son and his family have moved in next door to the Bartows but he, too, will be out of town through most of November as he has not had a vacation for several years and is off to India and Southeast Asia.

I am so glad you like the proof pieces I obtained for you. They were so choice I could not turn them down, even though I already had them.

Kindest personal regards.

Sincerely yours,

Dear Dr. Carter:

I am sending, under separate cover, something which I hope will be of interest to you, namely:

An 1867 Banking House and Counting House edition of Laban Heath's Counterfeit Detector, containing plates taken from National currency and greenbacks, etc, and also containing a plate of a $100 counterfeit National currency (maroon cover);

An 1870 pocket edition of Heath containing some of the same plates (dark green cover).

The large one was offered to me at $90 and the small one at $30. I have a large group, on approval, and thought you might like to have one of each size. When you were in the Paper Money Room you might have seen a gentleman who had a quantity of these books, which I purchased in bulk. I collect the various varieties of these books and will write them up shortly.

Please do not feel any obligation whatever to buy these books if they do not please you. If you do want them, please make the check payable to Ralph Goldstone and send the check to me so that I can settle with him.

I was sorry to hear from you that you were having health troubles in the family as you apparently have had much more than your share.

Your sister and brother-in-law were very nice to my son and his wife and even though they are no longer neighbors, I understand they are in touch with one another.

Please do not hesitate to call me any time you are in St.Louis so that we can spend a little time together.

Sincerely,

ERIC P. NEWMAN NUMISMATIC
